

ARCHITECT

YOU NEED **ORDER & BALANCE** TO THRIVE

YOUR CORE NEEDS

- | | |
|---------------------------------|--|
| 1. High standards for your work | 4. Loyalty and trust |
| 2. Stability and security | 5. Understanding details in a clear, organized way |
| 3. Impact and tangible results | |

YOUR SUPERPOWERS

Your word carries weight

Sticking things out

Seeing and meeting practical needs

Seeing and understanding structures naturally

Master of detailed information

Creating powerful experiences

POTENTIAL WEAKNESSES

Struggling to start when risks are uncalculated

Needing lots of details to feel confident

Highly perfectionistic

Getting stuck once things are perfect and polished

Getting lost in details & forgetting the big picture

PLANNING STRUCTURE

Intentionally give yourself balanced structure	“Brain Dump” regularly
Work first, but make time for rest/play too	Don’t overload your schedule
Prioritize taking care of yourself	Acknowledge your progress

PEOPLE THAT HELP YOU EVOLVE

Alchemists to help you brainstorm your ideas and discover out-of-the-box information	Explorers to focus on the big picture while you work out the details and systems
--	--

SECONDARY BRAIN TYPE

The Alchemist. This is the part of you that enjoys problem solving and craves a certain amount of variety in your life. This is also the part of you that enjoys learning new things and discovering a variety of information.
